Department of Energy Internship Graduate Program 2026

Description

Join the Department of Energy (DOE) Internship Graduate Program 2026 and contribute to shaping the future of our nation's energy landscape. Gain hands-on experience, work alongside leading experts, and make a difference through impactful projects at the forefront of cutting-edge science, technology, and policy. This program offers diverse opportunities across various DOE offices and national laboratories, allowing you to explore your interests and gain valuable insights into the complex world of energy.

Responsibilities

- Assist with assigned research projects and contribute to achieving project goals.
- Analyze data, conduct research, and prepare reports related to your assigned area.
- Participate in meetings, presentations, and brainstorming sessions with experienced professionals.
- Develop essential professional skills like communication, teamwork, and problem-solving.
- Contribute to a collaborative and innovative team environment.

Qualifications

- Currently enrolled in a graduate program (Master's or PhD) in a relevant field, such as engineering, science, policy, law, business, or data science.
- Strong academic record with a minimum GPA of 3.0.
- US citizenship or lawful permanent residency required.
- Demonstrated interest in the DOE's mission and a passion for contributing to the energy sector.

Experience

- Prior research experience or relevant coursework is preferred.
- Internship experience in a related field is a plus.

Skills

- Excellent communication, both written and verbal.
- Strong analytical and problem-solving skills.
- Ability to work independently and as part of a team.
- Proficient in Microsoft Office Suite and other relevant software programs.
- Adaptability and willingness to learn new things.

Job Benefits

- Competitive stipend based on location and program.
