Florida Rail Internships Opportunities 2026 In United States

Description

Florida Rail is offering exciting internship opportunities in the United States for 2026. As an intern, you will have the chance to be part of innovative rail projects, gaining hands-on experience in various aspects of rail transportation, infrastructure development, and logistics. This internship provides a unique opportunity to contribute to the advancement of rail systems while learning from industry professionals and expanding your skills and knowledge.

Responsibilities

- Assist in the planning, design, and implementation of rail infrastructure projects.
- Conduct research and analysis on rail transportation trends, regulations, and best practices.
- Support engineering teams in field inspections, surveys, and data collection activities.
- Collaborate with project managers, engineers, and stakeholders to ensure project objectives are met.
- Assist in preparing reports, presentations, and documentation for internal and external stakeholders.

Qualifications

- Currently enrolled in a degree program in civil engineering, transportation engineering, urban planning, or a related field.
- Must have completed at least two years of undergraduate coursework by the start of the internship.

Experience

- Previous internship or coursework related to transportation planning, civil engineering, or rail systems is preferred but not required.
- Familiarity with AutoCAD, GIS software, or other relevant technical tools is beneficial.

Skills

- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Proficiency in Microsoft Office suite.
- Attention to detail and commitment to quality.

Job Benefits

- Hands-on experience in a dynamic and growing industry.
- Exposure to real-world rail projects and challenges.
