LANL Internship Undergraduate Students Program 2026

Description
Los Alamos National Laboratory (LANL) is pleased to announce the Internship Program for Undergraduate Students in 2026. We are seeking talented and motivated individuals to join our team and contribute to cutting-edge research and innovation. As an intern, you will have the opportunity to work on exciting projects, collaborate with leading scientists, and gain valuable hands-on experience in a world-class research environment.

Responsibilities
Los Alamos National Laboratory (LANL) is pleased to announce the Internship Program for Undergraduate Students in 2024. We are seeking talented and motivated individuals to join our team and contribute to cutting-edge research and innovation. As an intern, you will have the opportunity to work on exciting projects, collaborate with leading scientists, and gain valuable hands-on experience in a world-class research environment.

Qualifications

- Currently enrolled as an undergraduate student pursuing a degree in a relevant scientific or engineering field.
- Strong academic performance and a passion for scientific research.
- Excellent communication and interpersonal skills.
- Demonstrated ability to work both independently and collaboratively in a team setting.
- Eligibility to work in the United States.

Experience

- Previous coursework or research experience in a related field is desirable but not mandatory.
- Familiarity with laboratory techniques, data analysis tools, or scientific software is a plus.

Skills

- Strong analytical and problem-solving skills.
- Proficiency in Microsoft Office applications.
- Adaptability and a keen interest in learning and applying new technologies.
- Effective communication and presentation skills.

Job Benefits

- Competitive stipend for the duration of the internship.
- Exposure to cutting-edge research and state-of-the-art facilities.
- Networking opportunities with leading scientists and professionals.
- Professional development and mentorship opportunities.
- Potential consideration for future employment opportunities within LANL.
