State Of New Mexico Internship Research Opportunities 2025

Description

The State of New Mexico is offering exciting internship research opportunities for 2025. These internships provide students and recent graduates with hands-on experience in various government sectors, including environmental research, policy analysis, public health, and economic development. Interns will work on meaningful projects that contribute to the state's initiatives while gaining valuable professional skills.

Responsibilities

- Conduct research and data analysis to support government initiatives.
- Assist in policy development, report writing, and presentations.
- Collaborate with government agencies and stakeholders on assigned projects.
- Participate in meetings, workshops, and training sessions.
- Prepare detailed reports and documentation of research findings.
- Provide administrative and technical support as needed.

Qualifications

- Currently enrolled in or recently graduated from an accredited college or university.
- Pursuing a degree in fields such as Public Administration, Environmental Science, Political Science, Economics, Public Health, or related areas.
- Strong academic performance and interest in government operations.

Experience

- Prior research experience (academic or professional) is preferred.
- Experience in data analysis, report writing, or policy evaluation is a plus.
- Familiarity with government procedures or public sector projects is desirable.

Skills

- Excellent research and analytical skills.
- Strong written and verbal communication abilities.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Ability to work independently and collaboratively in a team environment.
- Strong organizational and time management skills.

Job Benefits

- Hands-on experience working in a government setting.
- Mentorship and networking opportunities with professionals in various fields.
